

Marbridge

A Whole New Life

Individualized Care for Adults with
Intellectual and Developmental Disabilities

Our Mission

Marbridge is a non-profit residential community that offers transitional and lifetime care to adults with a wide range of cognitive abilities and — through compassion and faith — provides them opportunities to learn, experience, and achieve a whole new life.

Core Values

Safety

Nothing comes before the safety of Marbridge residents. Marbridge staff make it their personal responsibility to know safety policies and reinforce positive, safe behaviors.

Happiness

Everyone deserves to be happy. That's why Marbridge residents are encouraged to pursue safe and appropriate interests that add happiness to their lives.

Well-being

Emotional, physical, cognitive, and spiritual well-being are addressed on a daily basis to promote independence and self-awareness. We are always looking at how all services can provide wholistic support.

Learn

Residents at Marbridge pursue various educational opportunities to learn new skills that will enable them to reach the highest level of independence possible.

Experience

Marbridge provides a wide range of social, employment, and leisure activities where residents may practice new skills and make new discoveries about their individual capabilities and potential.

Achieve

All residents are encouraged to pursue their goals. Marbridge consciously searches for new methods, programs, training, and physical facilities that will enhance the success of adults with cognitive challenges who live at Marbridge.

Three communities form one vibrant campus.

Marbridge provides residential care to more than 250 adults with intellectual and developmental disabilities. Unlike other residential options, our 200-acre campus consists of three interconnected communities where we provide varying levels of care from independent and semi-independent care, to assisted living and skilled nursing care. Marbridge offers residents and their families the security of a long-term continuum of care for residents based on their unique needs.

The Village

Independent and Semi-Independent Living

The Village offers independent and semi-independent living for up to 90 adults with intellectual disabilities in 15 upscale cottages. Residents are encouraged to make proactive choices that challenge and improve their life skills, social skills, leisure and recreation skills, as well as their work skills.

Residents who live in The Village independent cottages enjoy a high degree of autonomy, yet still benefit from the supervised and safe environment of the Marbridge community.

Highlights and Amenities

- Single occupancy room in a 6-bed/4-bath cottage
- Basic furniture provided (residents are able to bring their own and decorate as they wish)
- Cozy living area and fully or partially functioning kitchen based on skill level
- 24-hour awake staff
- Basic nursing care with access to advanced, on-campus nursing care 24/7
- Individual Program Plan
- Training and education
- Employment Opportunities on and off campus
- Access to supervised community centers and events including the Chapel, swimming, Special Olympics, outings, Victory Hall - Marbridge's athletic facility and wellness center, and more

Eligibility Requirements

- 18 years of age or older
- Primary diagnosis of developmental delay or cognitive challenge, including autism spectrum, Down Syndrome, traumatic brain injury, PDD, and Williams Syndrome
- Independent in activities of daily living and/or in need of verbal prompting or training
- Able to ambulate and transfer independently
- Able to follow a written or picture schedule of training and activity
- Free of aggressive or threatening behaviors; no serious psychiatric or mental health conditions

Pricing

\$3,625/month includes the above and on-campus programs

The Ranch

Assisted Living for Adults 18+

The Ranch provides assisted living for up to 84 residents in a communal setting, with 24-hour awake staff. A staff of resident trainers provides supervision and assistance with daily living as well as life-enriching activities. During residents' first two weeks at The Ranch, they are assigned a peer mentor to show them the campus and locations of all the training classes.

Whether your loved one is leaving home for the first time, or has lived in other care settings, Ranch residents find their new life at Marbridge full of growth opportunities and leisure/social activities.

Highlights and Amenities

- Shared room in a communal setting or single occupancy room in a lodge setting
- Basic furniture provided (residents are able to bring their own and decorate as they wish)
- Shared living area and dining hall
- 24-hour awake staff
- Basic nursing care with access to advanced, on-campus nursing care 24/7
- Individual Program Plan
- Training and education opportunities
- Employment opportunities (on or off campus)
- Access to supervised community centers and events including the Chapel, swimming, Special Olympics, outings, Victory Hall - Marbridge's athletic facility and wellness center, and more

Eligibility Requirements

- 18 years of age or older
- Primary diagnosis of developmental delay or cognitive challenge, including autism spectrum, Down Syndrome, traumatic brain injury, PDD, and Williams Syndrome
- Independent in activities of daily living and/or in need of verbal prompting or training
- Able to ambulate and transfer independently
- Able to follow a written or picture schedule of training and activity
- Free of aggressive or threatening behaviors; no serious psychiatric or mental health conditions

Pricing

\$3,625/month includes the above and on-campus programs

The Villa

Skilled Nursing Care

The Villa provides a safe and loving environment for up to 82 people who cannot care for themselves. We are a licensed skilled nursing facility that provides individualized medical, rehabilitative, dietary, social, and spiritual services. Many families choose The Villa for loved ones who may not have an intellectual disability, but more profound medical needs such as muscular dystrophy and cerebral palsy.

Residents who live in The Villa enjoy a full life with a schedule filled with games, activities, and opportunities offered on campus, as well as some community outings while under 24-hour licensed medical supervision.

Highlights and Amenities

- Spacious shared bedrooms
- Basic furniture provided (residents are able to bring their own and decorate as they wish)
- 24-hour skilled nursing care
- On-staff registered dietitian, social worker, and enrichment specialists
- On-site physical, occupational, and speech therapies
- On-site rehabilitation and recovery care
- Individual Care Plan
- Access to the on-site Life Enrichment Center and Sensory Room

Eligibility Requirements

- 18 years of age or older
- In need of physical assistance with activities of daily living (bathing, toileting, grooming, etc.)
- In need of medical care provided by registered, licensed, and certified nursing staff
- If developmentally delayed, meets the requirements of Pre-Admission Screening and Resident Review (PASRR) as approved in writing by a physician or official nurse
- Free of aggressive or threatening behaviors; no serious psychiatric or mental health condition

Pricing

The Villa accepts Medicaid, Medicare, private insurance, and private pay.

Individual Program Plan

Care is not one-size-fits-all. That's the reason we work with each resident and their family or sponsors to develop an Individual Program Plan (IPP) for each of our residents to focus on their specific skills, abilities, and goals. The IPP is unique to each resident and is reevaluated annually by the resident, loved ones, and staff. Each resident works with staff to identify and define strengths and areas for improvement. The staff then assist the resident in developing specific goals and milestones to be met in a specific time period. Each resident is assigned a primary resident trainer to work with them to meet goals, overcome challenges, and track progress.

Training and Education

Marbridge offers Abilities-Centered Training (ACT) utilizing the theory of multiple intelligences. Our program begins with the expectation that each individual is able – our job is to help determine existing abilities and encourage the next step in growth.

Unlike traditional education, we do not provide grades or graduation. Instead evaluation is based on broad success indicators such as attendance, task attainment, personal appearance, attitude, and more.

Vocational Support

The Marbridge job skills class is a key component of our structured training program where potential candidates are considered for employment both on and off campus. The class is designed to teach general skills needed to be independent in the competitive employment environment. Residents are instructed on interview skills, the importance of proper job etiquette, functional communication, conflict resolution, time management, and problem solving.

When residents have completed job skills training, they are eligible for either an on-campus or off-campus job.

Life Enrichment

Marbridge offers a wide variety of opportunities to improve health through sports and activities, provide for spiritual and emotional needs, and add joy to life with outings and special events.

Our residents have an abundance of options when it comes to their leisure time. Marbridge encourages residents to select and practice effective leisure and wellness activities – both individually and in groups.

Get Involved

The success of our residents depends on your support. Whether you decide to get involved through a donation, volunteering, or by joining us at one of our events, you're helping our residents to attain safety, well-being, and happiness.

Provide Financial Support

Your monetary donation helps to provide assistance to long-term residents who have outlived family resources, keep admission costs lower by helping to cover the gap between the cost to provide services and the tuition fee, and ensure the long-term future of our mission by allowing us to meet our growing needs while remaining sustainable.

Give Time

From companionship to horticulture therapy, we have a place for you. An hour of your time is a gift we welcome, and longer term commitments are available too. When you share your time and talent with Marbridge residents, you add value to their lives.

Visit Campus

The best way to learn more about Marbridge is to visit our campus. Join us at a JAM (Just About Marbridge) Session where we'll guide you through our community of care that focuses on how individuals learn, experience, and achieve a whole new life.

More information about donations, volunteer opportunities, and JAM Sessions can be found at [Marbridge.org](https://marbridge.org).
