The CoAct Project

The Marbridge Foundation would like to invite you and your business to our campus to serve as a sponsor of our 12th Annual CoAct Project Leadership Symposium. The CoAct Project is a national executive symposium bringing industry leaders together to discuss best care practices, identify challenges, and build relationships to better care for individuals with intellectual disabilities.

Save the date now for the symposium taking place April 15-17, 2026, to include a robust schedule of exhibitors, networking meals, speakers, interactive presentations, and more. Together we'll discuss challenges, leadership strategies, and ways to increase awareness so we may better serve these individuals and their families across the spectrum.

The CoAct Project

Your involvement with The CoAct Project is an opportunity for your company to receive nationwide exposure. You will join other individuals and organizations in our sector to increase collaboration, learn, and grow in the field of care for intellectual and developmental disabilities. There is a range of sponsorship opportunities available that include varying levels of recognition and participation.

KEYNOTE SPEAKERS: JOHN AND MARK CRONIN

We are building a productive and engaging agenda highlighted by our keynote speakers, father and son duo Mark and John Cronin. Mark and John made John's journey living with Down Syndrome an asset, creating the thriving business John's Crazy Socks. They've sold over two million socks with over twenty differently abled employees and inspired others to follow their passions.

We are compiling a panel of highly captivating speakers in the field of intellectual and developmental disabilities and advocates from the greater community for attendees to learn from.

I look forward to speaking with you about these opportunities. You can anticipate a follow-up from me in the next two weeks. Please don't hesitate to reach out if you have any additional questions.

Kindly,

Kaitlyn Behnke

Development Coordinator
