#### Monitoring and Reporting Violation

30 TAC 290.110(4)(A), 290.110(f)(2), 290.110(f)(3) Failure to Submit Disinfectant Level Quarterly Operating Report for Compliance Period 1/1/2020 through 3/31/2020.

Chlorine residual levels were checked twice weekly during this period; however, we failed to submit the quarterly report. Once there was notification of this violation, it was our responsibility to notify everyone of this violation. This caused a second violation of failure to notify the public of the previous violation.

Per Title 30 Texas Administrative Code (30TAC) 290.122, failure to notify your customers of drinking water violation results in a reporting violation.

This Public Notice is to inform our customers of both of these violations.
